We would like to send you notices of the club's latest product review offers. HomeFood & DrinkCoolersTwisted Tea Hard Iced Tea 4.3/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! April 20, 2020 Manitoba, Canada Refreshing! I love cunning teas. My summer drink. It's on the sweeter side and tastes like ice. If you're looking for something refreshing and easy to drink, it's for you. Also handy in that it comes in can be so easy to bring to the fun/beach and not have to mix something yourself!! 1.0/5 TasteValue / ValeurQuality / Qualité Recommended? Fugheddaboutit! February 01, 2020 Maine, United States flavored now there's never b4 ☹ I've been drinking a lot of crafty tea, but for some reason it has a funky now almost like its aerated I don't know why. Let's hope everyone doesn't taste the same thing NASTY 3.8/5 TasteValue/ ValeurQuality / Qualité Recommended? You Betch! June 28, 2019 British Columbia, Canada Not for me, but it's not terrible This drink is a little too much for me. I think that's the word I want to describe. I love iced tea, but it's little more than plain iced tea from this 'cunning' tea. I know a lot of people who love him for it, but I'm not a fan. 5.0/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! December 03, 2018 Michigan, United States Fanfuckingtastic!!! Ice cold, delicious iced tea! You can barely taste alcohol first, but after that you can't. It has a sweet taste, so it's not bitter!! I absolutely hate the taste of alcohol and this is the only alcoholic drink I'm going to drink!! 5percent alcohol so be careful bc this taste so good that you want to chug it down!! I recommend this drink to everyone!!! 4.7/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! March 30, 2018 Ontario, Canada My summer treats! When all my friends drink beer on a hot summer's day. I drink Twisted Tea! It doesn't have a hard taste or feel for beer, and it's not carbonated, which I like! It's so much more refreshing and light than a fridge or a carbonated drink. 4.5/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! September 16, 2017 Irreparable! I'm writing this review on behalf of my husband. He loves these things! He always has them in the fridge and enjoys a couple with a bonfire, one with dinner or after work. He says it's the most delicious alcoholic drink he's ever tasted and budweiser will retire forever until they stop selling twisted tea. He says they're overvalued, but he'll pay anyway because they're really good, but they're still very expensive for who they are. It also says it has a much better taste that comes from the bottle than can 4.7/5 TasteValue/ValeurQuality/Qualité Recommended? You Betch! 05 July 2017 Great summer drink! I don't drink much, but I enjoy tea. I have to admit, I was a little skeptical to try them, I didn't. that would be very good, but oh boy, they are delicious! They're so refreshing and taste like cold iced tea, which I love. 4.5/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! July 05, 2017 Pleasantly surprised I bought this because I liked iced tea and thought it was worth a try. I was pleasantly surprised by how delicious this drink was. If you like iced tea, you'll definitely like it. 4.7/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! June 15, 2017 I would buy myself a great taste for beer and iced tea again. Comes in 4 flavors: Raspberry, Peach, Original and Half And A Half. I've never had a beer, but it's so ying that I wouldn't even know it's a beer. 5.0/5 TasteValue/ValeurQuality/Qualité Recommended? You Betch! March 08, 2017 I love iced tea and alcohol, but usually not together. I can't drink Long Island Ice Tea. The cunning tea is amazing, it tastes so good ice without a strong taste of alcohol! I don't think I can taste the drink at all. This is the perfect drink to be served with ice on a hot summer's day, and you won't want to share!! These reviews are subjective opinions of ChickAdvisor members and not ChickAdvisor Inc. Twisted Tea Review: 7/10 Since my idea to launch an amateur Drink Review blog came about when I opened a bottle of Twisted Tea, I decided it would make sense to make Twisted Tea my first drink review. I know many of you argue that Twisted Tea is not necessarily a beer. This is partly true on the basis of what would normally be the case for beer, except that my blog will also include party drinks and variants of malt drinks. Twisted Tea is just one of those variants because it's really sweet on a drink and is nothing but a beer with a tea flavour. Twisted Tea has been brewing company Twisted Tea in Cincinnati since 2001. OH and Breinigsville, PA. The idea behind Twisted Tea is that you should have a hard tea to taste just like plain refreshing iced tea. Although the idea is sane, most drinkers will tell you that no matter how close the hard drink is to the original, there is always little variation. Twisted Tea is no exception. On a plus note, Twisted Tea tastes as close as you could hope to reach up to regular iced tea while it's still cold and refreshing. The initial flavor is a fresh iced tea with a little lemon. It's sweet, but not sweet as Southern tea. All in all, freshly opened Twisted Tea meets all the requirements of a hard buddy on a much milder relaxing smoothie. At a summer party, a trip to the beach would be very refreshing, or just something special to relax if you want something a little sweeter on the tongue, but you still want an average alcohol content (5%). Twisted Tea also has an additional bonus, which is available in a variety of flavors such as: Original, half & half, raspberry, blueberry, cranberry, light, brest, sun style, new mango, and their seasonal orange citrus. The only thing that's wrong with a multitude of flavors is that I find them, because I don't see anything other than the original yet. (This does not mean that they are not found somewhere). Twisted Tea is also great for those who may not like plain beer, such as girls or men without eggs. The price of Twisted Tea seems to vary from about \$7-8.50. It's not really that bad given most beer-non-high water production can cost more dollars more. The dark side of twisted tea comes if you don't drink it while it's still in its cold misleading phase. If you try to drink Twisted Tea while it's warm, you will be greeted with a bitter bitch slapping lying juice straight out of a bottle of lies. The cunning tea, which is not chilled to perfection, tastes almost the same as plain tea, which someone tried to sweeten with one too many packets of sweet and low. Every child who has a sweet and low challenge knows the horror of overloading with artificial sweeteners. The bitterly disgusting taste that fills your mouth is almost enough to put someone away with Twisted Tea forever. But I've found that if you cool the bottle again, you can redeem it for its former glory. (Yes it was so bad that I had to try cooling it again just to finish it.) That's why Twisted Tea has received 7/10. If you want a lot of quick easy-to-finish drink, then Twisted Tea is for you (as long as it stays cold. For God's love, keep it cold! Seriously, that's terrible!). We would like to send you updates on the latest XY Stuff Club offers. HomeFood & DrinkCoolersTwisted Tea Hard Iced Tea 5.0/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! September 20, 2016 Ontario, Canada This should be my favorite to go for a drink at the moment. It tastes like iced tea without alcohol. It can be tricky on those hot days, but so refreshing! 2.0/5 TasteValue / ValeurQuality / Qualité Recommended? Fugheddaboutit! September 19, 2016 So I worked at a liquor store a few years ago and we were all so happy to hear you coming in. I was very disappointed with these. The taste was big meh, because I expected more flavor of iced tea, but it was so soft for me. 2.7/5 TasteValue / ValeurQuality / Qualité Recommended? Fugheddaboutit! May 12, 2016 I know a lot of people who love them, but I didn't. It tastes more like real American iced tea. A little bitter to my taste, not even half a lemonade did it to me. I much prefer other brands of alcoholic iced tea. 4.7/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! April 23, 2016 Crafty tea... Where have you been all my life? It was really the best drink I ever tried out of the bowl... Honestly, I hate to drink from a lump. Me where camping recently and I was a non-mix friend offered me this cold bowl of twisted tea. I was so skeptical. after a lot of egging on I tried.. Okay, yes I sold.. It also comes in a bottle. Thenja's liquid sun... / ValeurQuality / Qualité Recommended? You Betch! April 13, 2016 Alberta, Canada Delicious! It tastes just like iced tea, which can get you in trouble ;) There is no strong deusting at all, perfect for relaxing summer drinks. It's not insanely expensive, half and a half is my favorite! 3.5/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! March 3, 2016 The Twisted Tea's are in fact just a fridge with a taste of iced tea. In summer, it's great when you're craving something refreshing. But they're super sweet. I can usually have one, and then I have to switch to another kind of drink. I prefer half-and-a-half twisted tea, too. It's not that sweet. 4.5/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! March 3, 2016 When they came out, I got behind! Excellent new adult refreshments for summer!!! The dishes are so handy, they're a little cheap, but I'm going to drink this every day after my men's beers! I love half the taste! A little sweeter than this original, but you're both great! 5.0/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! January 25, 2016 British Columbia, Canada I only drank refrigerators. Then I found cunning teas, and now they're the only thing I drink when I have a night out. There's no bad hanging for me anymore. 4.7/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! December 30, 2015 Ontario, Canada Tastes really good and doesn't even taste like a drink. It gives me heartburn though lol 4.3/5 TasteValue / ValeurQuality / Qualité Recommended? You Betch! December 30, 2015 The taste is amazing, just like iced tea to forget you're drinking. I have 24 oz containers in Hamburg NY for \$3, but in ontario its \$13 for 6 pack of bottles. It would be nice if it was a little more favorable here on the Canadian side. These reviews are subjective opinions of members of XY Stuff and not ChickAdvisor Inc. Inc.
